

Visionary 04/08 Channel Eco Lite DVR

Digital Video Recorder - When Reliability Matters

H.264 platform DVR's from the Weston Group. These entry level recorders bring you the maximum number of features versus value. Our range of DVR's are suitable for use across a huge array of today's demanding CCTV applications.

All Dvr's are capable of 3G transmission direct to your handset using either Java software, Windows mobile V6, Android based software or Apple apps. Complete network integration as standard across the entire range, with both I.E browser and full Central Management Software supplied. Easy set up through the intuitive graphical interface is shared across all the platform, cutting down installation and set up procedures.

Highlights:
